

SUMMER/WINTER DIESEL FUEL ADDITIVE FOR THE TRUCKSTOP MARKET

LIQUID MUSCLE™ IN YOUR TANK

CLEANS INJECTORS LUBRICATES/ANTIGEL

- Adds Power, Improves MPG
- Prevents Low Sulfur Fuel Problems
- Cleans Injectors & Intake Valves
- Reduces Emissions & Smoke
- Contains Lubricity Improvers
- Treats Up to 750 Gallons
- Money-back guarantee
- No-gelling guarantee

**CONTAINS SOYOIL AND
OTHER LUBRICITY IMPROVERS**

**POINT OF PURCHASE
DISPLAY AVAILABLE**

Holds 18 bottles
Part Number 00352
UPS/RPS shippable

LIQUID MUSCLE™ Product Data Sheet

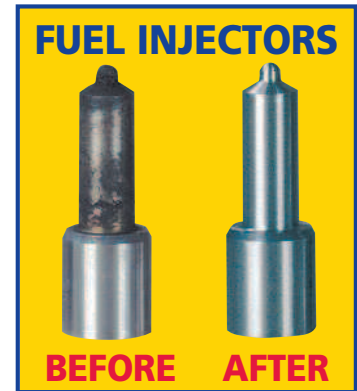

LIQUID MUSCLE™ cleans dirty injectors, intake valves, and keeps them clean for better combustion, fewer emissions and more power.

LIQUID MUSCLE conditions all grades and blends of low sulfur fuel. It contains soyoil and other lubricity agents to reduce pump wear, engine wear, and damage to delicate injector parts.

LIQUID MUSCLE also stabilizes fuel by reducing oxidation. It maintains cetane number and BTU's.

For cold weather operability, **LIQUID MUSCLE** lowers diesel fuel cloud point and Cold Filter Plug Point. We'll pay the tow for anyone who gels up while using **LIQUID MUSCLE** regularly (some restrictions apply).

LIQUID MUSCLE increases mileage, adds power, reduces maintenance and downtime, and saves you wintertime towing costs. **LIQUID MUSCLE™** in your tank is like money in the bank!

Money-back guarantee: LIQUID MUSCLE pays for itself many times over. If user doesn't agree, we'll give him his money back!

DIRECTIONS: For best results use year 'round each time you fill up. Cold weather (below 32°) one bottle treats 250 gallons of fuel. Mild/warm weather (above 32°) one bottle treats 750 gallons. Note: triple dose first three tankfuls to clean system. To re-liquefy gelled fuel, pour directly into fuel filter and triple dose tanks (three bottles for each 250 gallons of gelled fuel). Diesel cars, diesel pickups, marine applications must continuously double dose the above treatment ratios. Overuse is not harmful.

PACKAGING	Size	Treats	Qty/Case	Part #/Case #
English	64 oz jug	up to 750 gallons	6	50899/80899
Bi-Lingual (French/English)	1.9 litre	up to 2840 litres	6	50224/90224
